

Maple Sugaring Days!

Johnson's Mound Forest Preserve
March 10-11, 2012 — 1-4 p.m.

Don't miss our springtime celebration

Naturalists from the Forest Preserve District of Kane County will teach you how to tap a maple tree. Try your hand at drilling and setting a tap. Simmer sap over an open fire and watch as it thickens to syrup. Plus, come along on our "Sugarin' Time" hike to learn how to distinguish maples from other trees.

Bring the whole family for this fun, free program from the Forest Preserve District of Kane County. Make this your spring tradition!

For more information, visit kaneforest.com, call 847-741-8350 or e-mail programs@kaneforest.com. Registration is not required for this Forest Preserve program.
