Forest Preserve District plans upcoming prescribed burns

GENEVA, IL — When is fire a good thing? When it's a carefully controlled, prescribed burn in your local Kane County forest preserves!

Each spring and fall, the Forest Preserve District conducts prescribed burns across prairies, woodlands and wetlands in an effort to improve or maintain the ecological health of a site. These carefully controlled burns release nutrients from burned plant materials, encourage seed growth, and open the woodland floor to sunlight so native wildflowers and plants can flourish. Prescribed burns also reduce the abundance of non-native brush such as buckthorn.

Grassland/wetland and woodland sites targeted for this fall burn season include portions of the following:

- Almon Underwood Prairie Forest Preserve in Elburn
- Andersen Woods Forest Preserve in St. Charles
- Arlene Shoemaker Forest Preserve in Aurora
- Aurora West Forest Preserve in Aurora
- Barnes Forest Preserve in Aurora
- Big Rock Forest Preserve in Big Rock
- Blackberry Maples Forest Preserve in Elburn
- Bliss Woods Forest Preserve in Sugar Grove
- Bolcum Road Wetlands in St. Charles
- Bowes Creek Greenway in Elgin
- Braeburn Marsh Forest Preserve in Batavia
- Burlington Prairie Forest Preserve in Sycamore
- Burnidge Forest Preserve in Elgin
- Campton Forest Preserve in St. Charles
- Culver Forest Preserve in Aurora

Forest Preserve District plans upcoming prescribed burns
FOR IMMEDIATE RELEASE: Oct. 12, 2020

Before a controlled burn, trained staff survey the preserve and create a detailed plan of action. They then carefully monitor the weather and wait until conditions are right, to minimize the chance of smoke blowing toward homes and roads. Staff also notify nearby residents via mail, so that those with health concerns can avoid the smoke. Information is also posted on the District website at www.kaneforest.com and on social media, by searching @forestpreserve.

For more information on prescribed burns, contact the Forest Preserve District of Kane County at 630-232-5980.
