CONTROLLED ARCHERY HUNTING: GENERAL INFORMATION

Program Rationale

Deer are a valued component of the natural resources of Kane County, however when they are overabundant, they can have substantial impacts on the natural areas. Plant diversity and structure, forest regeneration, restoration, other species and human safety may all be affected. The Forest Preserve District of Kane County's obligation to be a responsible steward of these lands requires, at times, that we manage deer populations at levels that maintain and enhance the diversity of flora and fauna within the preserves, by protecting these areas from excessive deer impacts. This management must be conducted using methods that are safe, effective and state-approved.

Non-lethal and lethal methods for managing deer populations, and negative impacts on a large scale were evaluated for efficiency, effectiveness, safety and compliance with Illinois laws. Public input was also gathered at two open-house meetings, and through online comments, letters and phone calls. The Forest Preserve District already utilizes non-lethal methods when possible (for example, fencing and repellants). Based upon all of these factors, the two methods identified as safe, effective, state-approved and suitable to the conditions of the areas under consideration are controlled archery hunting and sharpshooting, limited to where they can be done safely.

Hunting is a commonly used and effective deer-management tool in rural areas, and has been used effectively in some suburban areas. Controlled hunts during the established hunting season can safely and successfully reduce deer densities in localized areas, under the proper conditions. In 2021/22, controlled archery hunting will be implemented at three sites with elevated deer densities and documented impacts to the ecosystem. The District is not proposing the use of sharpshooting in 2021/22.

Type of Hunting

Due to the suburban nature and size of many of District holdings and Illinois Department of Natural Resources (IDNR) regulations (for example, no firearm hunting east of Illinois Route 47), the use of controlled archery hunting is the most-appropriate method for the sites currently in need of management. Additional rules and regulations have been made to tailor the program to these sites, and further enhance safety.

Eligibility and Requirements to Participate

Residency: Program participants must be a full-time resident of Kane County. Your driver's license or state ID will be used to determine that you reside in Kane County.

Hunter-Safety Education Course: To be eligible, all participants must show proof that they have successfully completed a state-approved hunter-safety education course. First-time applicants must submit a photocopy of their hunter-safety education card with their application. Hunter-safety certificates from applicants who have previously filed valid and complete applications in prior years do not need to re-send their certificates. They are on file.

Proficiency Test: Each participant selected in the lottery must qualify to participate in the Deer Management Program. For compound bows, the proficiency test will entail hitting four of five arrows in an 8-inch circle with the equipment to be utilized in the field. You must use broadheads or practice broadheads, field points are not acceptable. Participants using compound bows or crossbows must qualify at 20 yards, and participants using long bows or recurve bows must qualify at 15 yards. **The qualification will be conducted from an elevated position.**

**** (NEW) **** The qualification for crossbows will require 2 of 3 bolts to be within the 8" target from 20 yards. **Only one opportunity will be allowed.**

Qualification will occur after the lottery has been conducted. **Proficiency tests will be offered Friday, Aug. 6, 2021, from 8:00 a.m. to 5:00 p.m. and Saturday, Aug. 7, 2020, from 3:00 p.m. – 7:00 p.m., at the Natural Resource Management Facility at Mill Creek Forest Preserve, 2N253 Brundige Rd., Elburn, IL 60119.**

Mandatory Orientation Presentation: Each participant selected in the lottery, including any zone partners, must watch the mandatory orientation and safety presentation. The pre-recorded presentation will be provided to all program participants.

Question and Answer Session: District staff will be available online to answer questions after participants have had an opportunity to watch the orientation and safety presentation. The question and answer session will be on Aug. 20 from 5:00-6:00 p.m. Participants will be able to ask questions during a Zoom session.

Required Licenses: To be eligible for a District hunting permit, each applicant must show proof of possession of all valid licenses, stamps and permits as required by Illinois state law.

Signed Waiver: All participants must sign a waiver of liability at the mandatory orientation meeting.

Age Requirements: Individuals under the age of 18 must apply as a zone partner with an individual 21 years of age or older, and must be accompanied by the adult applicant when hunting.

CWD testing: Hunters must have all deer taken through this program tested for Chronic Wasting Disease (CWD). Sample drop-off locations will be provided to program participants.

Compliance with Rules

All participants must comply with all District rules and regulations, in addition to Illinois rules and regulations.

Violation of any rule or unethical conduct by a participant may result in revocation of the individual's District-issued hunting permit and/or fines.

Applications

Applications will be accepted from 7/1/21 through 7/21/2021. An applicant's name must only occur on one application. Applicants may submit an application online (www.kaneforest.com), but proof of hunter safety (unless on file) and the application fee must be mailed or delivered in person to District headquarters. Applicants may alternatively fill-out a paper application and mail it to or drop it off at District headquarters. District headquarters is located at:

Forest Preserve District of Kane County
Administrative Headquarters
1996 S. Kirk Rd., Ste. 320
Geneva, IL 60134

Applications will not be accepted at any other Forest Preserve District facility. Incomplete, late, faxed or duplicate applications will not be accepted.

Participant Selection

Participants will be selected randomly via a lottery. The lottery will be carried out at Forest Preserve District headquarters on Friday, July 25, 2021. The primary applicant will be notified of a group's selection and assigned site and zone. The primary applicant is responsible for notifying additional zone partners, if applicable.

PROGRAM OVERVIEW

In 2021/22, the District will be utilizing controlled archery hunting to achieve deer-management program goals. Hunting periods, sites and zones will be assigned via a lottery system.

Size of Group

Hunters may apply alone or with up to two zone partners.

Fees

There will be a \$10 fee for each application submitted to the District for inclusion in the lottery (**i.e., each primary applicant and each zone partner must submit \$10**). Payment must be submitted at the time of application. Online applicants should mail or deliver payment to District headquarters so that it is received by July 21. Applicants who have not submitted their \$10 fee will not be entered into the lottery. The application fee is non-refundable.

Upon selection for the program, the permit fee will be \$150 per zone, per hunting period. The permit fees for the zones within Camp Tomo Chi-Chi Knolls will be \$75. **Permit fees will be due before the orientation meeting, following the lottery.**

No refunds will be given, unless the District suspends hunting in a given area.

Rules and Regulations

District Hunting and Parking Permits

- All participants and their “helpers” must clearly display a District-issued parking permit on the dashboard of their vehicle.
- Participants shall not enter District property without a District-issued hunting permit on their person.
- All parking and hunting permits must be returned to the District after the end of a participant’s designated hunting period. Individuals who do not return their permits will be disqualified from the next year’s lottery.

Parking

- All participants must use established or designated parking areas. Parking anywhere else is prohibited. Site/zone maps will illustrate designated parking areas.

Zone Access

- Participants must travel to and from their zone using a District-designated route.
- Marking devices are permitted. Marking devices shall be removed at the end of the participant's hunting period.
- It is highly recommended that all participants wear a blaze-orange hat while walking to and from their stand.

Sign In and Out

- All participants must sign in and out each time they hunt, and record time and other information requested on the data sheet.

Site Hours and Shooting Hours

- Participants may not enter District property prior to one and one-half hours before legal shooting time, and must exit within one hour after legal shooting time.
- Shooting hours are established by the IDNR, one-half hour before sunrise to one-half hour after sunset. Sunrise and sunset times are posted in local newspapers or may be obtained online.
- Zones within Camp Tomo Chi-Chi Knolls are open to hunting Monday thru Thursday, during normal hunting hours, and Friday until noon. No hunting or tree-stand placement may take place after noon on Friday through Sunday.

Scouting and Tree Stand Information

- Participants may scout beginning the day after attending the mandatory orientation meeting. Upon the beginning of the first hunting period, hunters in later periods shall not scout until the first day of their designated hunting period.
- Season 2 participants may not hang stands until the first day of their assigned hunting period.
- Season 1 participants must remove all stands by the end of the last day of their designated hunting period. Season 2 participants have 7 days from the end of season to remove their stands.
- Tree stands may be set up anywhere within an assigned zone, based on map instructions. Participants are encouraged to communicate with participants in adjacent zones, prior to selecting stand locations.
- There is no limit to the number of stands that can be placed in a zone.
- No nails, spikes or piercing of bark are allowed in trees. Only branches with a diameter of less than 2 inches may be removed from the stand tree.
- Permanent stands are not allowed.
- Tree stands must be elevated a minimum of six feet from the ground's surface. The hunter's feet must rest on the platform.
- Tree stands must be TMA-certified (Treestand Manufacturer's Association).
- Hunters must use a fall-arrest system (FAS) or full-body harness (FBH) while in a tree stand.
- Each participant may have one or two non-permitted people to assist with stand placement and removal. The program participant must be present and a guest parking pass must be displayed in the vehicle of the "helper."
- Stands must display an original District-issued stand tag. The tag must be clearly visible from the ground.
- Ground blinds shall ONLY be permitted for use in zones determined by the District. Freeman Kame zones 1, 4 and 6, Big Rock zone 2A, 3C, and Brunner/Fox River Shores zones 3, 4 and 5 are ground-blind approved zones. The use of ground blinds will also be permitted in a portion of Freeman Kame Zone 10, which will be designated on zone maps.
- Ground blinds must display a District-issued blind tag. The tag must be clearly displayed on the exterior of the blind.

- When clearing shooting lanes, only trees less than 3 inches' diameter may be removed. Only non-native shrubs and trees may be removed.

Post-Harvest Requirements

- All harvested deer must be reported. Failure to report harvest will result in being excluded from future program participation.
 - Participants must follow IDNR check-in regulations and procedures after harvesting a deer.
 - After completing IDNR check-in, participants are required to call the phone number on their District permit, between 7 a.m. and 10 p.m. on the day of harvest.
 - Additionally, the harvest must be recorded on the sign-in sheet at the site.
- Field dressing of deer must occur more than 100 yards away from any trail, roadway or parking area.
- Each hunter can have one or two non-permitted people help remove harvested deer. The permitted participant must be present. These “helpers” may not assist with the tracking of a deer. A guest parking pass must be displayed in the vehicle of any “helper.”
- **The collection of a sample for CWD testing from each harvested deer is a requirement for program participation. Failure to comply will result in ineligibility for future program participation.**
 - The District will provide a list of the locations for sample drop-off locations.

Other Rules

- No participants shall be under the influence of or be in possession of illegal drugs or alcohol during program participation.
- Participants may harvest an antlered deer first but will be required to harvest an antlerless deer, before harvesting a second antlered deer.
- Participants shall not enter private property adjacent to District land without obtaining permission from the landowner. A participant may call a District police officer to escort the participant to approach a neighbor.
- Participants and “helpers” shall not enter another hunting zone. A participant must contact District staff to be escorted into another zone.
- Participants may only harvest game animals designated on their permit (that is, deer only).

- It is unlawful to make available food, salt, mineral blocks or any other products for ingestion by wild deer. The establishment of food plots is prohibited on District lands.
- Participants may not work together to drive or move deer, or allow other individuals to knowingly do so.
- “Still-hunting” or “stalking” of deer is prohibited.
- If tracking a deer, a participant may only carry a bow without a nocked arrow.
- No participant may nock an arrow until they are in their stand and legal shooting hours have begun.
- Participants at Big Rock must comply with state laws regarding blaze orange during the muzzleloader and late-season antlerless deer seasons.
- Participants must remove all garbage that they bring onto District land.
- Permit holders may neither assign nor transfer their permit.
- Each participant must hunt a minimum of five times, with at least 25 hours being spent afield. Failure to fulfill the minimum number of hunts and hours afield will result in up to 2 years of program ineligibility.
- An additional point will be awarded for the lottery in the following year for each two female deer harvested by the applicant and/or co-applicant. For groups, the point will be awarded to the primary applicant in the event that individuals each harvest one female and do not apply together the next year. Harvesting five or more female deer will guarantee placement in the same zone in the following season for up to one additional season. If five or more female deer are harvested a second consecutive year, the participant(s) will be guaranteed a spot in the program but not necessarily the same zone.
- Certain zones (Brunner zones 4 and 5, Freeman zone 10, Needham Woods, and all Big Rock zones) will only be awarded to applications with a zone partner.

Sites and Zones

Controlled archery hunting will be conducted at four sites in 2021/22:

1. Brunner Family Forest Preserve/Fox River Shores West (5 zones total)
2. Freeman Kame North and South (9 zones*)
3. Big Rock (5 zones**)
4. Needham Woods parcel (1 zone**)

* Zones at Freeman Kame within Camp Tomo Chi-Chi Knolls have special restrictions on hunting. **They are only open Monday to Friday, ending at 12:00 p.m. on Friday.** A reduced fee of \$75 will be charged for these zones. **DO NOT APPLY for these zones if your schedule cannot accommodate the Monday to Friday schedule!**

** **Big Rock and Needham Woods zones are closed to archery hunting during the Deer Firearm Season (Nov. 19-21 and Dec. 2-5). Firearm hunting is not permitted.**

District staff shall set zones within each site. A hunter and members of his or her group shall be assigned a zone for the duration of their program participation.

Season Dates

Season 1 will be Oct. 1, 2021 – Nov. 14, 2021.

Season 2 will be Nov. 15, 2021 – Jan. 16, 2022.

Big Rock Season will be Nov. 1 – Jan. 16, 2022, closed during firearm seasons (Nov. 19-21 and Dec. 2-5.)

Needham Woods season 2 will be closed to hunting during the firearm seasons (Nov. 19-21 and Dec. 2-5.)

Summary of Changes from Last Year

- A new zone fee structure has been implemented. All zones will be \$150 per season, except zones at Camp Tomo Chi Chi Knolls. Tomo zones will be \$75 per season.
- Ground blinds are now permitted in portions of two additional zones.
- Zone 2 at Freeman Kame has been closed due to the expansion of an adjacent residential development.

- The qualification for crossbows will require 2 of 3 bolts to be within the 8” target from 20 yards. **Only one opportunity will be allowed.**
- The mandatory orientation and safety meeting will once again be provided as a pre-recorded presentation. This year there will be an online question and answer session to ensure that all participants have a clear understanding of the program and its rules.

Important Dates

Application Period Begins	Thursday, July 1, 2021
Application Period Ends	Wednesday, July 21, 2021
Lottery	Friday, July 23, 2021
Notification	Friday, July 25, 2021 – Monday, July 28, 2021
Qualifications***	Friday, Aug. 6, 2021 – Saturday, Aug. 7, 2021

*** No exceptions will be made if applicants are unable to attend established proficiency dates and times. Do not apply if these dates are incompatible with your schedule. **Only those who successfully draw in the lottery need to attend the qualification and orientation meeting.**
