THIS YEAR, MORE PLANTS = BETTER VIEWS

Each year, the sale benefits a special project within the Kane County forest preserves. For our 2023 special project, we're focusing on, well, bringing things into focus. **We're going to use proceeds to install mounted viewing scopes at two — and hopefully more — Kane County forest preserves.** These viewers will be in scenic locations, and free for everyone to use. They'll be a great amenity in the preserves.
