Learn about the ecological and cultural impacts of mosquitoes, Aug. 5

GENEVA, IL — They buzz, bite, annoy and frustrate until you can't stand to be outside, however, mosquitoes play an important role in ecology.

Join Trish Burns, manager of Peck Farm Park, for the nature program, "The Ecological and Cultural Impacts of Mosquitoes," Sunday, Aug. 5, from 1-2:30 p.m. at Peck Farm Park. Attendees will learn about the life cycles, dangers and yes, benefits of these insects.

Advance registration is required. The registration fee is \$10 per person. Call 630-444-3190 or email programs@kaneforest.com to register.

This class is part of the "Learn from the Experts" series. Classes are for ages 18 and up. They offer in-depth information and learning opportunities about our local ecology. The series is cosponsored by the Forest Preserve District of Kane County, the St. Charles Park District and the Geneva Park District. Call 630-444-3190 or e-mail programs@kaneforest.com to register.

For more information on Forest Preserve District nature programs, visit www.kaneforest.com or find the District on social media by searching @forestpreserve.
