**Learn about native garden care at July 17 nature program**

GENEVA, IL — Learn how to select and maintain great, summer-blooming native plants for your garden during “The Native Plant Garden in Summer,” a “Learn from the Experts” nature program.

Landscape Architect Trish Beckjord will share examples of what to do, and what not to do. See the plantings at the native plant demonstration garden at the Pottawatomie Community Center. Beckjord will provide tips for summer garden care. Attendees will also find out how yard and gardens can be part of the Conservation at Home program.

This program is on Tuesday, July 17, from 7-8:30 p.m. at Pottawatomie Community Center, located at 8 North Ave., St. Charles.

Learn From the Experts programs are for adults ages 18 and above. Advance registration is required. Registration fee is \$10 per person. Call 630-444-3190 or email [programs@kaneforest.com](mailto:programs@kaneforest.com) to register.

Learn from the Experts programs are taught by experts in their respective fields and offer in-depth learning opportunities about our local ecology. The programs are offered through a partnership with the Forest Preserve District of Kane County, St. Charles Park District and Geneva Park District.
