**Listen to and learn about the insect sounds at an evening nature program**

GENEVA, IL — The hills are alive with the sound of music — insect music, that is! Join the Forest Preserve District for “The Sound of Night Music,” a “Learn from the Experts” nature program.

After a brief listen-and-learn session to get acquainted with the songs of the major players, we’ll take a walk in the woods and take note as katydids and crickets croon their tunes and meet their mates.

This program is on Friday, Aug. 24, from 8-9:30 p.m. at Hickory Knolls Discovery Center, located at 3795 Campton Hills Dr., St. Charles.

Bring a flashlight to this program. Long pants and closed-toe shoes are recommended. Learn From the Experts programs are for adults ages 18 and above. Advance registration is required. Registration fee is \$10 per person. Call 630-444-3190 or email [programs@kaneforest.com](mailto:programs@kaneforest.com) to register.

Learn from the Experts programs are taught by experts in their respective fields and offer in-depth learning opportunities about our local ecology. The programs are offered through a partnership with the Forest Preserve District of Kane County, St. Charles Park District and Geneva Park District.
