**Introducing Little Saplings Safari: A Summer Adventure
for Young Nature Enthusiasts**

GENEVA IL — We are excited to announce the launch of our new program, Little Saplings Safari, designed for children aged 3-5. However, we welcome siblings up to age 8 to join the safari fun this summer!

This monthly program aims to foster a love for nature and ignite adventure in young minds by offering captivating experiences in unique Kane County forest preserves. We'll travel to a different preserve each month to explore new habitats. Led by experienced naturalists, these programs will feature hikes, water explorations, farm animal visits, and even the chance to experience nature at night! It's an excellent opportunity to discover new places and meet new faces while developing a deep connection with the environment.
