Uncover Earth’s Hidden Wonders at Eco-Lab: Microscopic Marvels Program

GENEVA, IL — The Forest Preserve District of Kane County invites curious minds aged ten and above on a fun adventure during “Eco-Lab: Microscopic Marvels.”

Our world contains a vast diversity of living organisms, but did you know that over half of Earth’s life forms are too small to see with the naked eye? Witness the strange and fascinating complexity of these hidden marvels through microscopes. We’ll take a refreshing walk through LeRoy Oakes Forest Preserve and collect natural samples to bring in and investigate under the microscope.

This hands-on experience will ignite your curiosity and deepen your understanding of the natural world. Join us on Saturday, Nov. 25, from 10-11 a.m. at Creek Bend Nature Center. The registration fee is \$5/person. To register, call 630-444-3190 or email programs@kaneforest.com.

Creek Bend Nature Center is located within LeRoy Oakes Forest Preserve at 37W700 Dean St., St. Charles. For more information, visit us at www.kaneforest.com or on social media by searching @forestpreserve.
