Forest Preserve District plans upcoming prescribed burns

GENEVA, IL — When is fire a good thing? When it's a carefully controlled, prescribed burn in your local Kane County forest preserves!

Each spring and fall, the Forest Preserve District of Kane County conducts prescribed burns across prairies, woodlands and wetlands in an effort to restore and maintain the ecological health of a site. These carefully controlled burns help release nutrients from burned plant material, encourage seed growth and expose bare soil to sunlight so native plants can flourish. Prescribed burns also reduce the abundance of non-native brush such as buckthorn and honeysuckle.

Targeted sites for this burn season include portions of the following preserves:

- Andersen Woods Forest Preserve in St. Charles
- Arlene Shoemaker Forest Preserve in Aurora
- Aurora West Forest Preserve in Aurora
- Barnes Forest Preserve in Aurora
- Big Rock Forest Preserve in Big Rock
- Binnie Forest Preserve in West Dundee
- Blackberry Maples Forest Preserve in Elburn
- Bliss Woods Forest Preserve in Sugar Grove
- Bolcum Road Wetlands Forest Preserve in St. Charles
- Bowes Creek Greenway Forest Preserve in Elgin
- Bowes Creek Woods Forest Preserve in Elgin
- Braeburn Marsh Forest Preserve in Batavia
- Burlington Prairie Forest Preserve in Burlington
- Burnidge Forest Preserve in Elgin
- Campton Forest Preserve in St. Charles

- Tyler Creek Forest Preserve in Elgin
- Willoughby Farms Forest Preserve in West Dundee

Before a controlled burn, trained staff survey the preserve and create a detailed plan of action. They then carefully monitor the weather and wait until conditions are right, to minimize the chance of smoke blowing toward homes and roads. Staff also notify nearby residents via mail, so that those with health concerns can avoid the smoke. Staff also notifies local authorities before initiating a prescribed burn and after the burn is complete. Information is also posted on the District website at www.kaneforest.com and on social media, by searching @forestpreserve.

For more information on prescribed burns, contact the Forest Preserve District of Kane County at 630-232-5980.
